THE EUREKA MINES.

Hon. Thomas Wren has the following timely article in the Eureka Sentinel, relative to the mines of that famous district:

In considering the chances for profitable mining in Eureka and contiguous districts, it becomes absolutely essential to consider the character of the minds as seen at the surface and as shown by development thus far. There are in all the districts is found chiefly in limestone. In this limestone, fissures almost innumerable are found with a general course Northernly and Southernly. In connection with these fissures are found caves or enlargements of the fissures, varying greatly in extent. Great numbers of these fissures are filled with ore and the caves are usually filled in whole or in part with ore. In fact, the finding of a cave is now considered an almost certain indication of a considerable ore body. These ore bodies are what are termed lodes in the districts and answer in their character and mode of occurrence to the English pipe and rake veins. These veins or lodes are as usual in limestone formations extremely irregular in size, the same vein frequently varying from the thickness of a knife-blade to forty or fifty feet in thickness. As a result of this irregularity the mine that at the surface shows only a thin streak of ore may at a depth of fifty feet show ten, twenty or even fifty feet. At the surface on the great Richmond mine there were simply bunches of ore and not very large bunches at that. We venture the assertion that there are a very large number of mines in this district upon which comparatively little work has been done that have a better showing at the surface than the Richmond. Ore has been taken out of over two hundred of these mines and sold at the furnaces, nearly all of it good ore and much of it rich, some of it very rich. There are probably five hundred mines in the district with fair prospects at the surface. Is it probable that none of them will pay? Is it not probable, in view of the mode of occurrence, that many of them are good mines? We have no water to interfere with development. No timbering, or but very little is required. A few hundred dollars suffices to do a good deal of development work, especially if done by contract. Most of them produce some ore, enough to help pay development work, and yet there is but little development work being done. There is many a sturdy miner in the district willing to put his labor in to develop if furnished with supplies. It is not the fault of our miners that our mines are not developed. It is high time our mining and business men woke up. We are dying of "dry rot." Let us have a little energy in the right quarter. Most of these mines are owned and have been worked by poor men who have not been able to purchase the proper appliances to work them economically or to any considerable depth. In many cases, perhaps, the ownership is divided. Part of the owners are willing to develop the mines, the others are either unable or unwilling to bear the expense, and so the mines lie idle. Perhaps the curse of stock gambling has prevented local development by our own people more than any other cause or all other causes combined.

It is not an extravagant estimate to say that enough money has gone out of Eureka to buy Comstock stocks to have riddled Prospect Mountain with shafts and tunnels. If it had been used in developing our own mines Eureka would today be one of the most prosperous towns on the Coast. But the greater part of the money was lost. It went to San Francisco to build palaces—to make the "rich richer"—and left us rich in undeveloped mines, but with no money to develop them.

Supt. Dovey left last evening for White Pine and Lincoln counties where he goes to visit schools.

SAGE-BRUSH

Trotting Nursery,

HOME OF

2 15. GIBALTAR. 2 22 1/2.

GIBALTAR will make the Season of 1889, at the Ranch, Carson City, Nev., commencing March 1st, and ending September 1st. Terms, \$20 the season with the privilege of return if the mare is foal, or \$60 to insure a foal.

PEDIGREE.

GIBALTAR, by Echo; Echo, by Rysdyk's Hambletonian; Echo the sire of Belle Echo, record, 2 29; Gibraltar 2 29; Victor 2 22 1/2; Senator 2 22 1/2; El Monte 2 29; Col. Hawk 2 29; Echora 2 29; Sam Lewis 2 29 and the sire of the dams of a good many horses with records better than 2 29.

GIBALTAR is the sire of Homestake, trial 2 15; half 1 06; Roxanna, trial 2 16; Doris, a 4 year old mare, won three races in one week, the first and only races that she ever started in and got a record of 2 29 in the 8 year heat of the last race. Gibraltar is a great producer; his colts are good size and all look alike. They are natural trotters and all have good dispositions.

ALPHA.

ALPHA will make the Season same as Gibraltar. Terms, \$25 for the Season with privilege of return or \$40 to insure a foal. You will see that ALPHA is a very fine bred horse. I am breeding all of my Gibraltar fillets to him. He is very speedy, and has shown quarters in 25 seconds and half in 1 12. He has got a record of 2 40, but if he had not hit one of his ankles, and had to be stopped in his work, would have got a record in 2 35 or 2 36 sure.

PEDIGREE

Brown horse, bred by M. W. Hicks, foaled 1883, sired by Privateer, son of Buccaneer, by Iowa Chief, by Green's Bashaw, by Veroli's Black Hawk, by Andrew Jackson, by Young Bashaw, by Imported Grand Bashaw.

1st dam Fawn, record 2 30 1/2, trial 2 22, b. Marlon, son of Mambrino Chief (sire of the dams of Director 2 17, Piedmont 2 17 1/2, Red Wilkes, the best son of George Wilkes, and of dam of Almont, the greatest son of Alexander's Abdallah); and his second dam Mah-a-Bell by Flaxtail (sire of Prairie Bird 4 year old record 2 29 1/2, Empress 2 29 1/2, and sire of the dams of Shamrock 2 year old record 2 29, the fastest in the world; Gold Leaf 2 29 1/2, the fastest 3 year old pacing in the world; Flight 2 29 fourth heat; Apex 4 year old record 2 26). Buccaneer public trial at 4 years old 2 29 1/2 and Prompter record 2 33 1/2 (sire of Transit 3 year old record 2 29 1/2, Creole record 5th heat 2 33 1/2, Daisy 2 33 1/2 and fastest record in the world for a yearling pacer); 3d dam Lady Blake by John the Baptist, record of 2 45, son of Tallyho Morgan, by Sherman Morgan, he by Justin Morgan; 4th dam Fanny Fern by Tuckahoe, by Herod's Tuckahoe, by Tuckahoe; 5th dam by Lettler's Consul, son of Sheppard's Consul, by Board's Just Consul. The dam of Perin's Tuckahoe was Vane by Panet's Diomed, son of Vanmeter's Blum d. Grand dam by Colonel Voss' sidehammer son of Lee-Boo. Sheppard's Consul's dam was by Arra Hecker. Grand dam by Imported Messenger. The dam of Privateer was Lady Nelly, dam of Express 2 29 1/2 by Marlon, son of Mambrino Chief; 2d dam by John Bull of Ole Bull, by old pacing Pilot sire of Pilot. Grand sire of dams of Maud S., Jay Eye See. Marlon's dam was Mary, by Sir Wallace, son of Stockholder by Tempest. Buccaneer's dam was Tinsley Maid by Flaxtail. Tinsley Maid is a full sister to Fern Leaf, dam of Gold Leaf, 3 year old record 2 29 1/2; Shamrock, 2 year old record 2 25 and of Lightfoot, 4 year old record 2 32, and who in turn is dam of Prds., yearling record 2 43 1/2. Lightfoot is also dam of Pearl 2 33 1/2. Iowa Chief's dam was Topsey by Proper, son of Hill's Black Hawk by Sherman's Morgan by Justin Morgan. Green's Bashaw's dam was Belle by Peffer's Tom Thumb out of the Charis Kent mare, the dam of Rysdyk's Hambletonian and she out of One Eye by Bishop's Hambletonian son of Imported Messenger, and One Eye out of Silverball by Imported Messenger.

TRIUMPH.

TRIUMPH is a beautiful bay; stands 15.3 and weighs over 1,200 and is the finest looking man ever saw. He took the first premium for 3 year old stallions at the State Fair of 1888. TRIUMPH will make the Season the same as Gibraltar and Alpha. Terms, \$20 for the season; \$30 to insure.

PEDIGREE.

Triumph by Prompter, Prompter by Wilson's Blue Bull, the sire of more horses with records from 2 15 to 2 30 than any horse that ever lived. McL. E. Clement, Secretary of the Missouri Trotting and Racing Horse Breeder Association in writing to Dr. Hicks, of Sacramento, owner of Prompter, says that he would rather breed to Prompter than any Stallion that is alive today. Triumph's dam is the celebrated St. Clair mare, Lady Brighton, owned by Mr. M. Toomy of Sacramento. His dam is now over 29 years old and can trot in 2 40 any day in the week. Senator Stanford in his catalogue of 1887 was breeding to St. Clair brood mares and the most of his horses that have made the best records for 2 32 and year-olds are out of St. Clair mares, namely: Fred Crocker-dam by St. Clair, two year old record 2 29 1/2; Bonito, dam by St. Clair, 2 year old record 2 29 1/2, 3 year old record 2 15 1/2; Manzanita, dam by St. Clair, 4 year old record 2 16 fastest on record.

I have got 400 acres of pasture land enclosed and mares sent in care of me on the cars will be taken to the Ranch and bred and good care taken of them. Pasture, Two dollars per month, or will keep them up for \$20 per month as I have over 100 fine box stalls. Accidents and escapes at owner's risk. There is a fine race track on the Ranch and I will take horses to train or colts to break at reasonable rates. I also have a few Gibraltar colts to sell. If you want a good colt can sell you one cheap. Positively no shooting allowed on the premises.

ADDRESS,

JOHN P. SWEENEY, Prop'r,

CARSON CITY, NEV
